

Fundraising Events / Activities of DEWF

15 September 2017

The Domestic Employees Welfare Fund (DEWF) organised a charity golf and dinner on 15 September to raise funds to support its objectives of providing humanitarian assistance to distressed domestic employees working in Singapore, and promoting social integration among foreign domestic employees.

With Minister for Manpower Mr Lim Swee Say as the Guest of Honour, this event was the first large scale fundraising event by DEWF, and a platform to reinforce its commitment to looking after the well-being of domestic employees working in Singapore.

We hereby extend our gratitude to all donors and sponsors for their support and generosity, which saw us managing to raise over \$185,000 at the event for the DEWF. This has placed us in good stead to achieving the \$200,000 fundraising target we had set out to achieve by the end of 2017!

Thank you to all donors and sponsors listed below!
